

# NEED FOR SPEED

## The Right Track for Faster Greens on Your Course

The pace of everything is quicker these days, with golfers wanting their greens fast too. Now you can meet that 'Need for Speed' with the combination of *Signature® Brand Fertilizers Sirius® and SilStar®* driving your turf nutrition program.

These exclusive LPI nutrients feature pure phosphite and potassium silica bound together through a unique technology. Plus, *Sirius* includes Liquid BCMU® nitrogen for a predictable six-week release that goes the distance. Together *Sirius and SilStar* produce the consistent, firm and fast greens players want.

Phosphite and silica promote plant health and better cell development. Liquid BCMU provides the fuel for steady growth and vigor. In combination, *Sirius and SilStar* are like two race cars drafting for optimum performance. Greens obtain the desired density and speed, making you the winner.

Get up to speed with *Sirius and SilStar*, providing faster greens that make for an exciting finish to every hole.

**Sirius. SilStar.**

Always Read and Follow Label Directions.
