# SilStar® 0-0-26

## Foliar Applied

**SILSTAR®** is a premier phosphite fertilizer with two powerful stress fighters. Phosphite works to increase the plants energy and enhance quality naturally in the plant, while silica works to physically harden the plants cell walls. No other phosphite has **SILSTARs'** advanced phosphite silica combination. **SILSTAR** now contains SST Silica, the most advanced Silica Technology in the industry today.

### SILSTAR DELIVERS:

- Drought resistance
- Increased resistance to disease
- Increased green speed
- Increased quality of cut
- Reduced ball marks

### DELIVERS PERFORMANCE BY:

- Increased plant uptake
- Increased compatibility will allow for greater tank mix flexibility
- Stable at a pH of 3; versus other silica products that are only stable at a pH range of 9-11

### USE SITES:

Golf, LCO, Sports Turf and Ornamentals

*"MOST ADVANCED SILICA TECHNOLOGY  
IN THE INDUSTRY"*

### Application and Timing:

Apply 3-6 oz / 1000 sq ft every 14 days

### Whats Inside ...

When used in combination with Sirius, turf performance will increase due to the agronomic synergies.
