SALVO

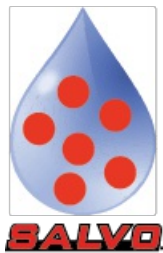

SALVO — Weeds don't stand a chance!

SALVO is a premium 5-pound Ester with a unique emulsification blend and premium solvent system providing better uptake and control. The #1 selling 2,4-D by the largest ag retailer in the US.

Product Benefits:

PARTICLE SIZE COMPARISON WITHIN THE DROPLET

Improves Penetration

Improves Uptake

Improves Performance

- A superior emulsion created when SALVO is added to the spray tank ... Particularly important for performance and compatibility
- Smaller AI particle size (not droplet size) than other Esters... Better coverage, penetration, uptake, and performance
- Broad spectrum weed control... Versatility and reliability

Active Ingredients

- 2,4-D ester
