Active Ingredients

FORFEIT 280

- glufosinate

FORFEIT® 280 is a non-selective herbicide for post-emergence broadcast use on canola, corn, cotton, and soybean crops designated as LibertyLink®. FORFEIT 280 may be used for weed control in non-LibertyLink cotton when applied with a hooded sprayer in-crop. FORFEIT 280 may also be applied as a broadcast burndown application before planting or prior to emergence of any conventional or transgenic variety of canola, sweet corn*, corn, cotton, olive, rice*, soybean or sugar beet. FORFEIT 280 may be used for post-emergence weed control in listed tree, vine and berry crops. FORFEIT 280 may also be applied for potato vine desiccation.
