

FITNESS® fungicide is a propiconazole formulation that provides broad spectrum disease control and enhances overall crop performance. Early applications of FITNESS help maximize the opportunity for a healthy flag leaf.

PRODUCT FEATURES

- Provides curative and preventative activity
- Includes a multicomponent surfactant system and a proprietary stress reduction component
- Allows for flexible application methods

RATES

Feekes 2-6: 2-4 fl. oz./A during herbicide sprays

Feekes 10: 4 fl. oz./A at flag leaf timing

Rainfast: 1 hour

GROWER BENEFITS

- Provides broad spectrum disease control
- Allows increased penetration and uptake
- Can be applied by ground or air
