| AZOXYSTROBIN | GROUP | 11 | FUNGICIDE |
| TRIFLOXYSTROBIN | GROUP | 11 | FUNGICIDE |

MAGISTRATE® consists of three active ingredients that deliver curative and preventative control of fungal pathogens. Two modes of action deliver strong resistance management.

Three active ingredients that have never been combined in any product before.

Two modes of systemic action, designed to provide maximum protection for the plant.

Giving you one unique product with MAGISTRATE.
