LI 700® is a soy-oil derived, non-ionic penetrating surfactant that reduces off-target spray drift and reduces spray water pH. Unique formulation technology and quality ingredients separate LI 700 from the imitators.

Product Benefits:

- TO: Drift reduction with performance-sized droplets
- ON: Droplet retention by adhesion and spreading
- IN: Increased penetration without cuticle disruption
- Acidification properties reducing spray solution pH, preventing pesticide degradation and maximizing performance
- Low-foaming surfactant that will not cause foam problems in the spray tank

Active Ingredients

- Contains Leci-Tech technology
