LI 700® is a soy-oil derived, non-ionic penetrating surfactant that reduces off-target spray drift and reduces spray water pH. Unique formulation technology and quality ingredients separate LI 700 from the imitators.

**Product Benefits:**

- **TO:** Drift reduction with performance-sized droplets
- **ON:** Droplet retention by adhesion and spreading
- **IN:** Increased penetration without cuticle disruption
- **Acidification** properties reducing spray solution pH, preventing pesticide degradation and maximizing performance
- **Low-foaming** surfactant that will not cause foam problems in the spray tank

**Active Ingredients**

- Contains Leci-Tech technology
