

DELTA FORCE™ is a proprietary Drift Reduction Adjuvant (DRA) that is specifically formulated for over-the-top dicamba chemistries – providing drift reduction, spreading, humectancy and water conditioning all in one formulation.

GROWER BENEFITS:

- Superior drift control for on-target applications
- Surfactant system for improved coverage and penetration
- Non-AMS water conditioner to manage hard water
- Humectant component resists dry-off to improve absorption

TARGET CHEMISTRIES:

Dicamba

RATES:

Xtendimax® & FeXapan: 6 pints 100 gal; All other dicamba brands: 5 pints per 100 gal

FEATURES:

- Unique formulation specifically created for new dicamba chemistries
- One-jug solution provides multiple benefits
- Approved as DRA for all over-the-top dicamba
- Robust defoam system allows for easy handling
